Reflections

God is amazing; He blesses us in ways we don't always see or understand. We have come a long way in the past year with His help and the help of the CLEA Board working behind the scenes. The annual CLEA board meeting went smoothly, and we passed a budget for next year. Nicole Vanderslice, CLEA Board Treasurer, has worked very hard on getting the financials in order for a financial audit this summer and to get Legacy to a place where we are finishing this year in the black. One of the benefits of an audit is that it will open more avenues to apply for grant money. God's blessings to the Board for all your hard work!

Many things are happening behind the scenes of the day to day operation of the school; we have need for those with a vision for Legacy to become involved. I know everyone is busy, but prayerfully consider serving on the board, grant writing team, fundraising events, executive committee which reaches out to potential donors and the community, or the PTF which blesses our students and staff. The school is moving forward, planning for the future; help us to achieve everything that the Lord has planned for us and be blessed in the process.

Give thanks to the Lord, for he is good; his love endures forever.

Psalm 118:1

Blessings,

Gail Kovach, Principal

Serving and Learning

Each month our 4th grade class goes to the Villas to read with the residents, and yesterday a few of the residents came to Legacy to show our 3rd, 4th & 5th graders what it's like to be a senior. The kids wore gloves with cotton balls in the fingertips to show loss of feeling, earplugs to show loss of hearing, glasses smeared with Vaseline to see what macular degeneration is like, and then they had to walk an obstacle course with the aid of walkers. It was a very good learning experience for our students, and they came away with a better understanding of what it's like to grow old. After they all had a chance to try the obstacle course, they enjoyed cookies courtesy of the folks from the Villas.
