Reflections

Wow, the last newsletter of the 2009-2010 school year; summer is just around the corner. Once again I want to thank everyone who volunteered time, money, and resources to make this a successful school year - you are soooooo appreciated. We are ending on a positive note and looking forward to and planning next year. We will be working behind the scenes this summer, and the office will be open limited hours. We will maintain the phone answering service so if you have any questions or needs please give us a call, and we will get back to you if we are out of the office. Also check the Legacy website for updated information relating to the school over the summer - I would like to schedule a work day before school begins in August to move the computer lab/library around and clean up the playground.

Blessings this summer to all our Legacy families, new and old, and those that are moving on, you will be missed - God's grace be with all.

Gail Kovach, Principal
