Reflections

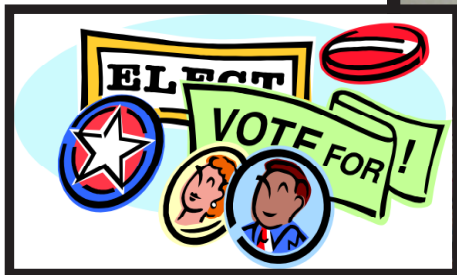

Providence has given to our people the choice of their rulers, and it is the duty, as well as the privilege and interest of our Christian nation, to select and prefer Christians for their rulers.

John Jay, First Chief Justice

We have been studying the American Revolution in U.S. History and it is heartening to recall the faith our founding fathers had in setting up this great republic and the freedoms they set forth - one of which is the right to vote. This week the 3rd through 8th grades had the opportunity to vote for student council members. We were able to practice the democratic process by posting flyers for the candidates, listening to their visions about this upcoming year at Legacy, and the most important part - voting for the candidate we believed would best serve the school. Our new student council members are: President Thomas Phillips, Vice-president Tori Lawson, Treasurer Brittany Kent, Secretary Cayla Elliott, 5th Grade Representative James Beidel, 6th Grade Representative Emily Mitchell, 7th Grade Representative James Woods, and 8th Grade Representative Marcy Abac. Praise God that we live in a nation where we have been given so many freedoms; thanks to all who participated in the process and congratulations to our newly elected student council.

Blessings,

Gail Kovach
